Dear Mr. Jenkins:

I want to express how pleased St. Vincent's Medical Center has been with the musical room service offerings by Body and Soul. St. Vincent's was lucky enough to start the program with the Body and Soul Overture grant which introduced our nursing staff and patients, of course, to the wonderful healing sounds of many diverse and talented musicians. The program was so well received by our patients and staff that St. Vincent's quickly committed to two afternoon room service sessions per week.

Thank you for making this program so easy to implement and to sustain. Great joy and peace has been shared.

Best regards,

Warren Chandler
