Dear Mr. Jenkins:

In behalf of the residents and staff of Westminster Woods on Julington Creek, thank you for the contribution your organization has given to our residents during the past several months. The events were shared with all residents on our campus from individual room visits, to large group experiences. These visits included lectures, music, and hands on experiences for those who attended. The artists who performed were certainly the top in their chosen profession and very compassionate individuals.

Your organization should be commended for enhancing the lives of the elderly and physically challenged.

Sincerely,

Michael Sweeney
Executive Director
